

Education Authority Southern Region

Qualification Equivalency List

Explanatory Notes and Guidance on the list's use

This is the fifth version of the Education Authority Southern Region's policy on the equivalency of qualifications. As always it is not an attempt to list every qualification; for example, as at August 2015 there were 19829 accredited qualifications on the Register of Regulated Qualifications which is maintained by The Office of Qualifications and Examinations Regulation (OFQUAL) for qualifications in England, Wales and Northern Ireland. It lists those qualifications which have been presented by applicants for employment with the Education Authority Southern Region over the past, approximately, 30 years.

The Education Authority Southern Region's qualification criteria in job vacancy adverts are normally stated in terms of "GCSE or equivalent" – Level 1, "NVQ 3, 'A' level or equivalent" – Level 2, and "Third level qualification, HND/Degree level or equivalent" – Level 3 and there are columns in this list which define these:

- Level 1 (1), i.e. GCSE grades A*-C and equivalent,
- Level 2 (2), i.e. 'A' level, NVQ 3 and equivalent, and,
- Level 3 (3), i.e. Third Level Education qualification, HND/Degree or higher and equivalent.

There are columns providing details of qualification equivalency in respect of:

- (*1) Qualifications with an inferred acceptable standard of English & Maths for general office work - however, this general equivalency does not apply where it is essential that a post holder is required to compose documents, reports and letters, a stand-alone English qualification would then be required, nor where the post has specific numeric or financial duties, a stand-alone mathematics qualification would be required,
- Qualifications where the job involves the creation of documents – at a level equivalent to OCR (RSA) Level 2 and Level 3 Word Processing,
- Qualifications where jobs require general ICT skills - ICT Users Qualifications and,
- Qualifications which give stated standard of skills for ICT Support Staff - ICT Practitioner Qualifications.

There is also a column detailing the "QCF Level" which stands for the "Qualifications and Credit Framework Level" within which all UK qualifications are placed. The guidance to these levels and examples of qualifications within them, are listed in the appendix.

The increased number of applicants of other nationalities has necessitated the further development of guidance in relation to foreign qualifications.

The document, although comprehensive, is not exhaustive, and reflects qualifications and equivalencies which have been encountered up to a set date; therefore, clearly, additional qualifications will have to be assessed as and when they are encountered in order for the Regional Authority to reach an opinion concerning their equivalency. If the qualification being considered is not covered in the document you should contact HR 37512394 or 37512214 for guidance.

General Notes

Countries in which UK qualifications are commonly studied.

This list comprises the more important countries, in terms of number of candidates, in which the examinations of UK Examining Boards are taken. It can appear anomalous for applications to be listing UK qualifications taken in a foreign country, hence the inclusion of this description and list.

Bahamas	Bangladesh	Barbados	Bermuda
Botswana	Brunei	Cyprus	Egypt
Gambia	Gibraltar	Guyana	Hong Kong
Jamaica	Kenya	Lesotho	Malawi
Malaysia	Malta	Mauritius	Pakistan
Seychelles	Sierra Leone	Singapore	Swaziland
Tanzania	Trinidad	Zambia	

Countries from which qualifications are routinely encountered.

This list of countries details those from which the Board has encountered qualifications, and these qualifications are listed under the name of that country.

Australia	Canada	Ireland (Republic of)	Italy	Lithuania
Malta	Poland	Portugal	South Africa	United States of America

		Double Award Graded A-E 12 Subjects	2 'A' levels + 5 GCSEs grade A*-C inc Eng & Maths	Y	Y		Y				

Appendix – Qualifications and Credit Framework

Framework level	Level indicators	Examples of qualifications
Entry	Entry level qualifications recognise basic knowledge and skills and the ability to apply learning in everyday situations under direct guidance or supervision. Learning at this level involves building basic knowledge and skills and is not geared towards specific occupations.	Qualifications are offered at entry 1, entry 2 and entry 3, in a range of subjects
Level 1	Level 1 qualifications recognise basic knowledge and skills and the ability to apply learning with guidance or supervision. Learning at this level is about activities that mostly relate to everyday situations and may be linked to job competence.	NVQ 1; Certificate in Plastering; GCSEs Grades D–G; Certificate in Motor Vehicle Studies
Level 2	Level 2 qualifications recognise the ability to gain a good knowledge and understanding of a subject area of work or study, and to perform varied tasks with some guidance or supervision. Learning at this level involves building knowledge and/or skills in relation to an area of work or a subject area and is appropriate for many job roles.	NVQ 2; GCSEs Grades A*– C; Certificate in Coaching Football; Diploma for Beauty Specialists
Level 3	Level 3 qualifications recognise the ability to gain, and where relevant apply a range of knowledge, skills and understanding. Learning at this level involves obtaining detailed knowledge and skills. It is appropriate for people wishing to go to university, people working independently, or in some areas supervising and training others in their field of work.	Certificate for Teaching Assistants; NVQ 3; A levels; Advanced Extension Awards; Certificate in Small Animal Care
Level 4	Level 4 qualifications recognise specialist learning and involve detailed analysis of a high level of information and knowledge in an area of work or study. Learning at this level is appropriate for people working in technical and professional jobs, and/or managing and developing others. Level 4 qualifications are at a level equivalent to Certificates of Higher Education.	Diploma in Sport and Recreation; Certificate in Site Management; OU Certificate in Early Years Practice; Basic professional and professional management qualifications (also see levels 5, 6 & 7)
Level 5	Level 5 qualifications recognise the ability to increase the depth of knowledge and understanding of an area of work or study to enable the formulation of solutions and responses to complex problems and situations. Learning at this level involves the demonstration of high levels of knowledge, a high level of work expertise in job roles and competence in managing and training others. Qualifications at this level are appropriate for people working as higher grade technicians, professionals or managers. Level 5 qualifications are at a level equivalent to intermediate higher education qualifications such as diplomas of higher education, foundation and other degrees that do not typically provide access to postgraduate programmes.	Diploma in Construction; Certificate in Performing Arts; Foundation Degree; Ordinary Degree; BTEC HNC/D; Ordinary professional and professional management qualifications (also see levels 4,6 & 7)
Level 6	Level 6 qualifications recognise a specialist high-level knowledge of an area of work or study to enable the use of an individual’s own ideas and research in response to complex problems and situations. Learning at this level involves the achievement of a high level of professional knowledge and is appropriate for people working as knowledge-based	Diploma in Professional Production Skills Honours Degree; Graduate Certificates and Diplomas; Higher professional and professional

Framework level	Level indicators	Examples of qualifications
	professionals or in professional management positions. Level 6 qualifications are at a level equivalent to bachelor degrees with honours, graduate certificates and graduate diplomas.	management qualifications (also see levels 4,5 & 6)
Level 7	Level 7 qualifications recognise highly developed and complex levels of knowledge that enable the development of in-depth and original responses to complicated and unpredictable problems and situations. Learning at this level involves the demonstration of high-level specialist professional knowledge and is appropriate for senior professionals and managers. Level 7 qualifications are at a level equivalent to masters degrees, postgraduate certificates and postgraduate diplomas.	Diploma in Translation; Fellowship in Music Literacy; Masters Degrees; Post-graduate certificates and diplomas; Specialist Professional and Managerial qualifications
Level 8	Level 8 qualifications recognise leading experts or practitioners in a particular field. Learning at this level involves the development of new and creative approaches that extend or redefine existing knowledge or professional practice.	Specialist awards Doctorates

Note: currently, qualification titles such as 'certificate' and 'diploma' are not indicators of the level of a qualification.
