REPORT AN IMAGE OR VIDEO

Nude image of you online? We can help you take it down.

If you are under 18 and an explicit or nude image of you has been shared online, we can confidentially help you to get it removed.

Follow these 3 simple steps:

1. Download Yoti – The easiest, most secure way to prove identity. Take a selfie and then a photo of your ID, like a passport, to verify it’s you.
2. Report: Give details of the nude image and where it could be online (don’t worry if you don’t know all the details)
3. Remove: We’ll then review the details and the IWF will work to have it removed

The IWF (Internet Watch Foundation) use image hashing technology. This means each photo has its very own ID and using this ID it can identify the image, and have it removed, wherever it is uploaded to the internet.

If you’re 18 or older, contact the website(s) where you’ve seen the image or video, or report it to the police.
