Exemplar Induction Action Plan – Nursery
## Evaluation

1. Refer back to your evidence sources. To what extent do they show that you achieved your success criteria.
2. Consider the specific improvements, skills, knowledge and learning outcomes for your own professional development in the context of:
   - The teacher competences you targeted
   - The impact on your teaching and classroom management
   - The impact on your pupils’ learning

## Self-Reflection

The following prompt questions are designed to help you reflect on and provide a brief summary of the main professional outcomes for yourself of this action plan. You should also use the questions as a basis for discussion when completing the Interim and Summative Reports on Induction with your Teacher Tutor.

### So what?
- How have I developed as a teacher from the experience of working through my second action plan and evaluating against the success criteria?
- What knowledge, skills and new understanding have I gained?
- What has been particularly successful?

### Now what?
- What are my strengths?
- What are my areas for improvement?

### What next?
- How will I build on my strengths?
- How will I take forward my areas for improvement?
- What changes will I make to my teaching in the future?
