

Taxis Operators

Information Events

TRN-19-002 Dynamic Purchasing System (DPS) - Transport by Taxis

All Taxis Operators are invited to attend the following information events:-

4th March 2020

The Stormont Hotel Belfast

11am – 1pm

11th March 2020

Armagh City Hotel

11am – 1pm

These information events will be used to engage with Taxis Operators on the Dynamic Purchasing System (DPS) currently running for Transport by Taxis.

Information will be provided on what's required from Operators to be successfully placed on a DPS.

All Taxis Operators are advised to attend at least one of these events whether they have registered for a DPS or not.

Taxis Operators that have not previously carried out work for the Education Authority are also encouraged to attend.

The Education Authority in partnership with Envision and Local Authority representatives will provide guidance on the process to be followed and in particular the use of eTendersNI.

Both events will be an opportunity for Taxis Operators to ask questions and to gain a better knowledge of the DPS procurement process, eTendersNI and what's required from them in general to deliver on the requirements and expectations of the Education Authority.

Please confirm your intention to attend via procurement@eani.org.uk

We look forward to meeting you.
