**Snakes and Ladders**

You will need a die and a counter for each player.

1. Print out the board game.

2. Take turns to throw the die – the person with the highest number can go first!

3. Throw the die and move your counter the number of spaces as indicated by the dice.

4. Read the digital time you land on. If you cannot read the time, move back to your previous position on the board.

5. Remember, if you land at the bottom of the ladder, you can climb up the ladder but if you land on a snakehead, you must slide down the snake!

6. The winner is the first person to land on FINISH!
