

## Washing my hands

I like to play with my toys.

I also like to have snack

It is important for me to wash my hands before I  
have snack,

also after I use the toilet.

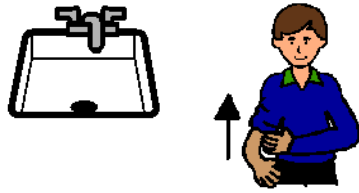

My hands may get dirty, I will need to wash them, so  
they are clean.

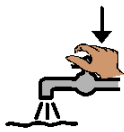

I need to go into the sink,

Then I

push up my sleeves

I turn the tap on and put my hands under the water.

I will get the soap, rub it into my hands then wash my hands again until all the soap is off.

I will get a towel dry my hands.

When I wash my hands my parent will be very happy.
